1. Read the passage given below and answer the questions that follow : 12

1 Bhutan is the most appropriate place to visit if one is seeking peace, one's youth and discovery. October-November is the right time to pay a visit to this beautiful neighbour. Its blue skies, magnificent snow views, crisp mountain air and remarkably well preserved centres of Buddhist culture are worth enjoying.

2 Thimpu is the capital of Bhutan. It is spread along a willow lined river, Wang Chhu. All buildings here are built in the traditional style and adorned with beautiful paintings. Thimpu has no traffic lights, something we Indians are not used to. Traffic is directed by policemen, standing on highly decorated boxes. They use exaggerated but elegant gestures to guide it. The main street, Norzim Lam, leads to the town centre and the clock tower with its adjoining hotels, shops and restaurants.

3 Here there are many places worth seeing. One can visit Telecom Tower situated at the height of 8,807 ft. On your way down you can stop at the mini zoo, where you can see goat-antelope, known as Takin. It is Bhutan's national animal. According to legend this large and certainly strange-looking animal was created by the 15<sup>th</sup> century saint, Lame Drukpa Kinleyn to prove his magical prowess.

4 In Thimpu, National Memorial Chorten is the most public religious place in the country. This white-domed building with its golden spires was built in 1974 in memory of the third king. Trashi Chhoe Dzong is the seat of the government as well as religious order. Built in the thirteenth century, it was renovated in 1962 when Thimpu became the capital.

5 Here Archery is a favoured sport which can be witnessed on weekends. Thimpu is the base for several walks into the stunning countryside. Indian nationals do not need visas to travel to Bhutan. (302 words)

Florence Chadwick was the first woman to swim the English Channel in both directions. At age 34, her goal was to become the first woman to swim from Catalina Island to the California Coast.

On the 4<sup>th</sup> of July morning in 1952, the sea was like an ice bath. The fog was so dense she could hardly see her support boats. She struggled on — hour after hour — while millions watched on television.

Alongside Florence in one of the boats, her mother and her trainer offered encouragement. They told her the goal wasn't much farther. But all she could see was fog. They urged her not to quit. But with only a half mile to go, she asked to be pulled out. Several hours later she told a reporter that it was not fatigue or even the cold water that defeated her. It was the fog. She was unable to see her goal.

Two months later she tried again. It was the same dense fog. But she swam with her goal clearly pictured in her mind. She knew that somewhere behind the fog was land. And this time she succeeded. She became the first woman to swim the Catalina Channel, eclipsing the men's record by two hours. (210 words)
